Dear Harry

I would like to say thank you for all the hard work you have put into the design and implementation of our Free Spirit website.

We are not technology wizards and as such, appreciated your thorough explanations and patience in giving us what we wanted and more, in an effective, prompt and friendly manner.

Your expertise and advice was much appreciated and we felt that we received real value for money and have no hesitation in recommending you to any organisation.

We look forward to doing further business with you in the future.

Kind regards

Beverly Chappell
Principal
